Important Update: Prior Authorization Grid Update Effective October 1, 2025

Community Health Center Network would like to share updates to the Prior Authorization Grid effective **October 1, 2025**.

The updated copy of Prior Authorization Grid can be access on our Provider Portal at https://connect.chcnetwork.org/UM-Authorizations-Resources.

Below is a summary of the Major Changes:

1. Some categories in the CHCN PA Grid have been eliminated, due to the codes in those categories no longer requiring authorization
    a. Blood Products
    b. Dialysis
    c. Electroencephalography (EEG)
    d. Rehabilitation (Pulmonary Therapy and Speech Therapy only)

2. Some categories with significant changes
    a. Radiology (significant amount of codes removed, no longer require auth)
    b. Injectables – In office & UM Medications (several codes added, minor duplicates removed: Refer to PA Grid Attachment A for specifics)
    c. Genetic Testing – Several codes removed (no longer requiring auth) and some added
    d. Home Health – Several codes removed (no longer requiring auth). Of notice, two codes were added to the PA Grid: G0299 and G0300
    e. Sleep Studies – Majority of codes removed (no longer requiring auth)

3. We added an additional "type of service" section related to PANDAS and PANS to the PA Grid, part of an APL requirement

4. Other miscellaneous codes added or removed throughout the "PA Grid Attachment A" document

For any questions, please email Provider Services Department at providerservices@chcnetwork.org for assistance.
